## CAREER OBJECTIVE

To become a successful scholar and professional in the field of software engineering and to work in an environment which appreciates innovation so that I can enhance my knowledge and skills.

## EDUCATION DETAILS

Degree	Year	Name of institute	University Name	CGPA/Percentage
B.sc Computer Science	2023	MES College Ponnani, Malappuram	University of Calicut	Waiting for result,Not published
12 <sup>th</sup> Board,Science	2020	GOVT NMHSS Thirunavaya, Malappuram	Kerala State board	71.3%
10 <sup>th</sup> Board,Technical	2018	Technical High School Kuttippuram ,Malappuram	Kerala technical board	87%

## TECHNICAL EXPERTISE

Languages: C, C++, Python, html, css, javascript, Java, Android

OS: Windows, Linux

## OTHER SKILLS

Problem Solving

Strong communication

Strong Relationships

## PROJECT

**AI SKIN EXPERT** : The proposed system is a mobile based application. If the user is affected by any skin disease, they just need to take a picture of the affected area and upload to the application. The application will tell the user about the disease that they affected in detail. If the disease will seriously affect your health, it shows an option to make a consultation. The available doctor's and their consulting time will be displayed on their profile. The users need to make an appointment via online at the available time and get treated. This system will notify the appointments that have been made to a doctor and can manage according to the time of consulting by the doctor. The users also notify about the appointment with time and

date. Apart from this, a user can give the general symptoms other than skin related and know about the disease. If the user wants to consult a doctor for this type of disease, can also make appointments via this application. These all activities can be going to implement in this project using the **AI SKIN EXPERT**.

#### **EXTRA CURRICULAR ACTIVITIES**

1. Participated Online Coursera Programming for C and Web Development
2. Attend IEDC Program Events in Mes Ponnani College , Ponnani
- 3.Attend infocampus software internship

#### **PERSONAL DETAILS**

DOB:14-NOV-2002

Languages known: English, Malayalam

Interests: Gaming, Travelling, Football, Learning

#### **DECLARATION**

I hereby declare that what is stated above is true to my knowledge and belief
